OBSERVATORY FOR CHINA | 中国观察

NEWSLETTER 2021

JANUARY 2021 – DECEMBER 2021

The **OBSERVATORY FOR CHINA (OC)**, founded on December 28, 2005, it presents the newsletter with the main initiatives between January 2021 and December 2021.

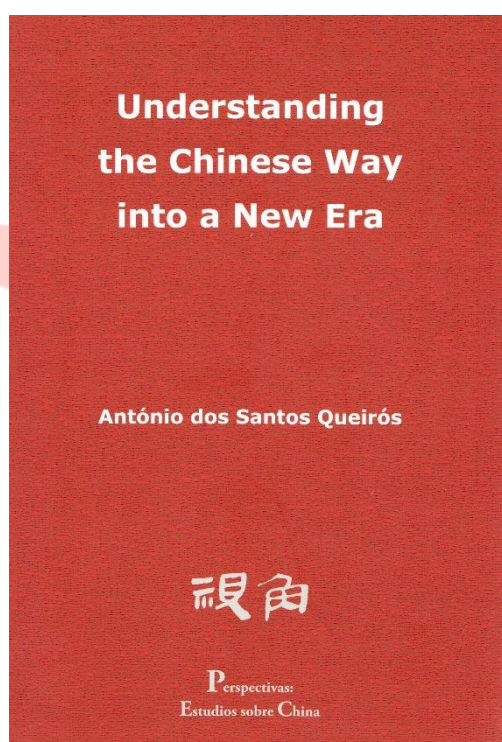

中国社会科学院

Chinese Academy of Social Sciences

Participation of the Observatory for China in events and conferences of the Chinese Academy of Social Sciences.

The Observatory for China published different articles in the Chinese and Portuguese media.

The Observatory for China supported the publication of the book by the Vice-President of the Observatory for China, António Queirós.

Communication

The Observatory for China maintained systematic and continuous dissemination through social networks, namely the Observatory website, Facebook and Twitter, of news or events, whether regarding our activities or the activities of our partners and relevant articles in the within the scope of the Observatory for China guidelines.

The Observatory for China published articles in China, namely China Daily, Guangming Daily, Xinhua and China Radio International. In Macau, the Observatory for China published in Hoje Macau, Ponto Final, Macau Business and TDM. In Portugal, the Observatory for China published in Jornal Público.

Digital Macau-China Library

The Observatory for China concluded the 4th phase of the Macau-China Digital Library project, in August 2021, which already has 200 thousand free pages, which include, namely, old books, handwritten documents, cartography and periodicals published about China until the end 19th century.

III International Conference on Portugal-China Cooperation

The Observatory for China organized and participated in the III International Conference on Portugal-China Cooperation, a platform for the economy of the sea and the Atlantic gateway of the Maritime Silk Road to Eurasia, America and Africa, which took place in the UCCLA auditorium, in December 13th and 14th.

Around 30 speakers, 70 in-person participants and more than 800 online, from Portugal, China (Beijing and Macau), Brazil, Mozambique, Timor, Angola, Guinea..., European Union countries (Spain, France, Netherlands) and all continents, participated in this Conference and continue to access its full recording distributed across 3 thematic sessions, through the recording that remains on Facebook and Youtube.

Education scientific and pedagogical activities

In 2021, the Observatory continued to publicize the different language course initiatives with special emphasis on institutions with which we have agreed protocols and which have benefits for our members, namely with DLC – Distance Learning Consulting and the Study Center of Chinese Language.

DISTANCE LEARNING CONSULTING

Collaboration with the Autonomous University of Lisbon

The Observatory for China began regular collaboration with the Autonomous University of Lisbon, as part of its international courses on Asia and China, which are in partnership with the National Defense Institute, through the integration of an open class into its program, about the People's Republic of China.

Collaboration with University of Minho

The Observatory for China began a collaboration with the Center for Studies of the International Relations Course (CECRI), established by the Degree in International Relations at the University of Minho, in one of the panels of the second edition of the Winter Crash Course, with China as the object of study. The President and Vice-President António dos Santos Queirós contributed to two conferences, which were recorded, and continue to make their way in the digital space.

Editions and publications

Conference on the 100th anniversary of the Chinese Communist Party.

In 2021, the Observatory for China began pre-editing the communications presented to the Conference on the 100 years of the Chinese Communist Party (CCP), as well as the texts of the 3rd Portugal-China cooperation conference, which we will publish in 2 books.

“Understanding the Chinese Way into a New Era, Ecological Socialism and Eco civilization”

Following an international competition from the Confucius Institute, the Universidad de León, Spain and Tianjin Normal University, China, published the book by the vice-president of the Observatory, António dos Santos Queirós, “Understanding the Chinese Way into a New Era, Ecological Socialism and Eco civilization”, in the field of Political Philosophy.
